Dear Parent/Carer,

S6 course choice 2020-21

S6 course choice forms have been issued to all S5 students today. Pupil Support Teachers will meet with all S5 students over the next few weeks to discuss their options for 2020-21 and assist with career planning.

Students are asked to indicate on their course choice form if they are intending to return to school for S6. Those who are considering leaving school in 2020 are encouraged to meet with our careers adviser, who can provide guidance with applications to college and job vacancies. Some school leavers may also benefit from the support of our Aspire team, who can provide a bespoke programme to support a young person into a positive post school destination. Further information on the Aspire programme can be found in 'My Brighter Future' at <https://tinyurl.com/y87eba4b>

Students who return to school for S6 are required to sign a 'Learner Agreement' as part of the S6 induction programme in June 2020. The Learner Agreement sets out our expectations of S6 students, and includes the following points:

- Students must maintain an attendance rate of over 90% and any individual periods where a student is absent must be accounted for. Significant health issues should be discussed with Pupil Support for individual arrangements.
- Students must maintain excellent timekeeping throughout the session. Students must not be late more than 10 times throughout the year.
- Students must be in full uniform at all times in school.
- Students must maintain high standards of behaviour and attitude throughout the session.
- Students must commit to improving their attainment throughout the session.

In returning to school for S6, all students must follow a full curriculum for the whole session. Students are asked to choose between 4 and 7 subjects, (depending on the level of study), and a Wider Achievement. Students should number these on their course choice form in order of preference, 1 being the subject that the student needs the most. Students are also asked to indicate a reserve choice in case one of their options is not available. The appropriate level of study should be identified in discussion with Pupil Support and subject departments. Higher courses are only available to those with a National 5 pass in the same or a related subject. Higher courses are timetabled for six periods per week; National courses are timetabled for four periods per week. Advanced Higher subjects tend to be taught for some periods with a high degree of self-study expected. Further information about the courses offered can be found in our S5/6 course choice booklet on the school website (Curriculum > Course Choice booklets > S5/6 course choice booklet).

Course choice forms should be returned by **Friday, 6th March 2020**. Please let me know if I can be of any further assistance.

Thank you for your continued support.

Yours sincerely,

Barbara A. Lee
