Date: 20 March 2020

Dear Parent/Carer

School Update

We are working towards the closure of Lesmahagow High School at 12.30 pm on Friday, 20th March 2020, in line with national and local authority advice.

Information to support young people who are working at home was emailed to parents on 19th March 2020 and was shared on the school webpage (under parental letters), the School App and on Twitter. Students should already know their Glow and Show My Homework passwords, which will provide access to a range of resources prepared by their teachers. Senior phase students studying subjects supported by Scholar should also know their username and password for this resource. Usernames and passwords are available from the teachers and the school office for anyone who needs these. Paper copies of resources are also available from the school office.

We will continue to follow the advice of the local authority and the Scottish Government to consider how best to support all young people, parents and staff in these exceptional circumstances and will provide further information when this becomes available.

Please do not hesitate to contact the school office if you have any questions or concerns by either phone or email and a member of staff will endeavour to provide assistance.

Thank you for your continued support.

Yours sincerely,

Barbara A. Lee
