Dear Parent/Carer,

We hope that you and your family are keeping safe and well. Thank you for continuing to support learning at home whilst schools are closed. We are all looking forward to returning to school when this is possible.

On Monday, 1<sup>st</sup> June, our new timetable will begin. Emails have been sent to the parents/carers of all new S3 students listing pupils' subject choices for the new timetable. If any pupil would like to request any changes to their subject choices, please complete the Google Form at the following link: <https://forms.gle/SQ5QzbqpoXuUCxef6>. We will work through these requests as quickly as possible and thank you for your patience whilst we do this.

In the meantime, new Google classrooms will be created by teachers. Until this happens, work will continue to be posted in S2 Google classrooms and on Show My Homework. Class codes for all Google classrooms will continue to be shared in our weekly update.

We would also now like to ask new S3 pupils to make their Masterclass option choices. If a pupil has chosen to study French as part of their S3 curriculum, they can choose three Masterclasses, which will each run for twelve weeks, two periods per week. Any pupil who hasn't chosen French as part of their S3 curriculum, will study French as one of their Masterclasses and can then choose two others. This ensures that all students have the opportunity to study French until S3. We also ask that all pupils list a reserve choice when making their Masterclass choices.

The Masterclass options are:

1. PE: To develop knowledge and skills to support the study of PE in the Senior Phase.
2. PE: To develop skills and interest, but currently without planning to study PE in the Senior Phase.
3. RMPS: To develop knowledge and skills to support the study of RMPS in the Senior Phase.
4. RMPS: To develop skill and interest, but currently without planning to study RMPS in the Senior Phase.
5. Scientific Studies: To develop scientific skills and knowledge, which will support the study of any Science subject in the Senior Phase.
6. Numeracy: To develop Maths and Numeracy skills, which will support Senior Phase courses.
7. Technical: To develop knowledge, skills and interest.
8. German: To develop knowledge, skills and interest.

Please make your Masterclass choices by Thursday, 21<sup>st</sup> May using the following link:  
<https://forms.gle/Ld5aeW5WKLhfpnkd6>

Please do not hesitate to get in touch if you have any questions or concerns.

Thank you for your continued support.

Kind regards,

*Barbara A. Lee*
