

## Foundation Apprenticeships 2021

The application process for Foundation Apprenticeships is now open for both the South Lanarkshire Consortium and the Glasgow Consortium (application links below).

There are two options of Foundation Apprenticeships:

- 2-Year course for those who will start S5 in August 2021
- 1-Year course for those who will start S6 in August 2021

A link to the Youth Employability brochure that provides the full details of each South Lanarkshire Consortium Foundation Apprenticeship provider and frameworks offered is provided below, as are the brochures for the Glasgow Consortium options. Any additional frameworks/courses will be shared with you by your Pupil Support Teacher and via our communication platforms.

We encourage all pupils who are interested in studying a Foundation Apprenticeship to discuss this with their Pupil Support Teacher before applying. Pupils who apply should do so through the South Lanarkshire Consortium unless their preferred framework is only offered by Glasgow.

### 1. SOUTH LANARKSHIRE CONSORTIUM

#### [Youth Employability Brochure](#)
