

## S2/3 Careers Events

### University of Glasgow – Widening Participation Events

#### S2 - Monday 1st March

The University of Glasgow Widening Participation team are hosting two online events, which I have booked for the S2 classes.

They will be attending the following sessions:

- Skills, Subjects and Careers Session @ 10 am - 11 am  
Highlighting the links between school and post-school options, focusing on the different skills and careers to which specific school subjects can lead to. It also aims to address gender imbalance in key academic areas
- Subject Choice Session @ 1 pm - 2 pm  
Concentrating on making informed subject choices, introduces pupils to the idea of entry requirements for different college and university courses.

**The link to MS Teams will be emailed to pupils 5 minutes before each session and Miss Iqbal will also post it to the S2 Google Classroom.**

### Founders4Schools Spotlight on Careers

Founders4schools are hosting a virtual spotlight on careers, which covers a variety of sectors - links to MS Teams will be sent out next week. Please continue to check your Glow inbox and PSE Google Classroom.

The following sessions have been booked:

- 10:30 - 11:00 Spotlight: Environment, Energy and Food & Drink *Learn from industry professionals how rewarding a career in the Environment & Energy Sectors and the Food & Drink industry can be. (P3)*
- 11:15 - 11:45 Spotlight: Financial Services *One of the UKs biggest sectors is more than working for a bank. Students will discover a range of careers paths and what they need to join the sector. (Interval/P4)*
- 12:00 - 12:30 Maths4Girls – The importance of Maths in any Career *Inspire students with successful business role models who share their passion for maths and how they use it in their career as well as everyday life (P4/5)*
- 13:30 - 14:00 Spotlight: Engineering & Manufacturing *Role models from industry talk about the different pathways to a successful career in the world of engineering & manufacturing. (BGE lunchtime/P6)*
- 14:15 - 14:45 Spotlight: Science & Tech *Discover what led our role models from the world of Science & Tech into their career path and how you can follow. (P6)*

With S2 course choices due by **Friday, 5<sup>th</sup> March**. These are a fantastic way of helping you decide your final options!
